1 GIUNZIONE CLOCK

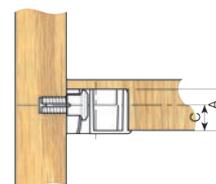

■ Giunzione CLOCK Ø20

- CLOCK-1: Sistema di montaggio a pressione.
- CLOCK-2: Ruotando la giunzione clock, la vite viene bloccata e il ripiano viene fissato lateralmente
- CLOCK-3: Girando la giunzione clock, la linguetta stringe la vite e fissa il ripiano.
- CLOCK-5: Agisce a pressione ed ha una cover metallica.
- CLOCK-6: Ruotando la vite, il tassello si espande ed il pannello viene tirato.

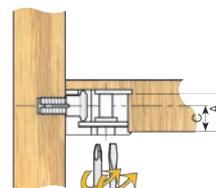

Supporto Ø20mm. CLOCK-1.
